Stanley Dollar, Sailing From This Port, Hailed Off By Gunboat

RUSSIAN COMPANY CHARTERS

Seeks Entrance to Yalu River And Japanese Interference—Claim Port is Closed

Pekin, Sept. 1.—A telegram has been received here announcing that the steamer Stanley Dollar, formerly a Danish vessel, but now flying the American flag, sent by a Russian company from Tien Tsin to Yonampoh, at the mouth of the Yalu river, Corea, for a cargo of lumber from the Russian concession on the Yalu river, was prevented from entering the port of Yonampoh by a Japanese gunboat whose commander said Yonampoh was not an open port and that foreign vessels had no right to enter.

(The Stanley Dollar left this port on July 11 with a cargo of lumber for Port Arthur, Russian Siberia. She was dispatched by the Pacific Export Lumber Company and this firm has received the information that the steamer arrived at her destination on August 8. Instructions were to discharge the cargo at Port Arthur, and from this it is apparent that the Stanley Dollar, after discharging her cargo proceeded to Tien Tsin, and there received orders to go to Yonampoh. The Stanley Dollar will be remembered as the vessel which came near turning turtle while receiving cargo at the mills of Inman, Poulson & Co. Not being built for the lumber carrying trade she became top heavy and took a strong list to port. Only the fact that the wind drove her against the wharf saved her from going over.

DISEASE Baffles Experts

Victim Dies Soon After Being Attacked—Resembles Bubonic

New York, Sept. 1.—Menaced by a disease which has baffled the best medical skill of the island the health department officials of Cuba have appealed to the authorities of Columbia University and Jefferson Medical College of Philadelphia for aid in determining the nature of the disease. The most eminent pathologists and bacteriologists of these institutions are working, says the World, in conjunction with the medical authorities of the marine hospital and public health department of the United States government in an effort to determine the nature of the disease. All details of the investigation are refused. The disease in many of its symptoms resembles bubonic plague, but it is said to be more swift in its progress and more deadly in its effect. It first appeared some months ago in the isolated town of Daiyugi, Province of Santiago. Men employed in the iron mines in that locality were affected. The disease did not yield to treatment and the mortality was greater than in yellow fever or any kindred disease. The inhabitants became panic stricken and an American steel company with large interests there took up the matter. References to the New York and Philadelphia experts followed. The description of the disease furnished by the Cuban physicians shows that it presents the worst symptoms of yellow fever, black fever and spotted fever. The patient is usually dead a few hours after first complaining of illness and turns a bright yellow after death. It is in the death that the disease presents its most horrible phase. The victims pulse rate rushes to 150, a heart beat which is deemed almost impossible by physicians of experience. The respiration counts 58. These organic disturbances, together with a temperature of 107 and 108, do not cause instant death but the high fever generated soon burns out life. The disease always attacks persons who have suffered from intermittent malarial fever.

LAUNCHING OF REVOLUTION

Wait Observance of Accession of Sultan to Open Hostilities

Sofia, September 1.—Macedonian revolutionists awaited the anniversary of the sultan's accession to proclaim the long anticipated general insurrection in northern Macedonia. The new outbreak is headed by the famous Macedonian leaders, General Zentcheff, president of the Macedonian committee and Colonel Jankoff. The new territory covers districts in the valley of Struma, at the base of the Rhodope mountain chain and to the north of the river Vardar. News of severe fighting is still coming in. At Arsenal, after several days' fighting, the Turkish troops in the night massacred the entire population of 180 men and 200 women. The Turks have also massacred the inhabitants of the village of Veltsa. The insurgent leader Grueff, in a letter to H. H. Pasha, demanded that he prevent barbarous acts of Turkish soldiers and Bashi Bazaruks, otherwise the revolutionists would ascribe all Turkish 'ahims' to him. The town of Malkoternovo is reported to be in a state of anarchy, the Turks plundering houses and committing unspeakable atrocities on women.

HOLDS LIPTON CUP

Chicago, Sept. 1.—The Chicago yacht club will keep the Lipton cup for another year. In the race today between Larin and Sprite, Larin won by three minutes.

RECEPTION TO KING EDWARD

Yelma, Sept. 1.—A farewell reception was given King Edward this evening by Arch Duchess Marie Joseph, the emperor and King Edward being present. At Arsenal, after several days' fighting, the Turkish troops in the night massacred the entire population of 180 men and 200 women. The Turks have also massacred the inhabitants of the village of Veltsa. The insurgent leader Grueff, in a letter to H. H. Pasha, demanded that he prevent barbarous acts of Turkish soldiers and Bashi Bazaruks, otherwise the revolutionists would ascribe all Turkish 'ahims' to him. The town of Malkoternovo is reported to be in a state of anarchy, the Turks plundering houses and committing unspeakable atrocities on women.

COUNTY IS THE WINNER

Multnomah Gains Far Reaching Victory in Cases Affecting Taxation

JURISTS ARE HIGHLY PLEASSED

County Upheld and Efforts to Down Position Assumed Thwarted by Court

Portland, Oregon, Sept. 1.—A substantial and far reaching victory for Multnomah county was achieved this morning in the pending tax-compromise suits, when Presiding Judge John B. Cleland, in the state circuit court, rendered an opinion overruling demurrers to the complainants in three important cases. They are the cases of the county against the Title Guarantee & Trust Company and others; Adolph A. Dekum, as trustee of the Dekum estate, and others; and Edwin Shannon. In each of these suits the position assumed by the county was upheld and the efforts of the defendants to defeat the suits without their coming to trial thwarted. The decision is an able one and goes deep into the legal phases of the questions at issue. Judge Charles H. Carey expressed himself as highly pleased with the effect of the decision and said that he regarded it as a decisive victory for the county. In his judgment it was not probable that the defendants would attempt to go further, owing to a lack of tangible ground of procedure. Judge Webster, at whose instigation the pending suits were begun, and Judge Carey, employed as special counsel for the county, appeared much elated at the outcome of the cases.

BARBERS MUST BE CLEAN

Strict Rules Will Hereafter Regulate New York Shops.

New York, Sept. 1.—The new law regulating barber shops has become operative and beginning today any tonsorial artist in New York state caught shaving a customer without washing his hands in warm water and soap or using a powder puff, or a towel on more than one person without its having been washed, will be subjected to imprisonment and fine. No alum or other astringent may be used in any form to stop the flow of blood. The use of sponges is strictly prohibited. Mugs and shaving brushes must be thoroughly washed after use on such person. Combs, razors, clippers, and scissors must be thoroughly cleansed by dipping in boiling water or other germ destroyer after every separate use. Other provisions are made for the cleanliness of shops and every barber must have a certificate prepared by an examination before a state board.

EULOGIZES PHILIPPINE ARMY

Must Cooperate With Spanish War Veterans But Not Merge

St. Paul, Sept. 1.—The Army of the Philippines today selected St. Louis as the place for the next general reunion. In an address of some length, General Irving Hale delivered a glowing eulogy on the army in the Philippines. General Hale scored a hit in his address concerning amalgamation with the Spanish American War Veterans. He said "we must cooperate with them so far as possible. But it must be understood that we must never merge this society into others." Letters from President Roosevelt, General Miles and Admiral Dewey were read.

CHURCH TO BE RESTORED

San Francisco, Sept. 1.—Bishop D. P. Dougherty of Philadelphia accompanied by secular priests J. Carroll, E. Cook and D. Gercke and Profs. J. McCloskey and J. McGinley, have arrived in San Francisco, pending their departure next Thursday on the steamship Corea for Manila.

These six clergymen comprise an important American delegation of Catholic priests bound for the Philippines to restore the institutions and importance of the church in Northeastern Luzon, which has been partly neglected since the outbreak of the insurrection and the necessary evacuation of the district by the original Spanish priests. Bishop Dougherty will be at the secular headquarters of the region and have his headquarters at Vigan, a city about 200 miles north of Manila. In addition to the revival of the work of the Catholic church he will reestablish the seminary at Vigan.

FIGHTING OVER ESTATE

New York, Sept. 1.—As a result of the complications arising over the property left by Gunning S. Bedford of this city who died last February in Paris, a three cornered fight has begun in the supreme court.

WATER DAMPENS ARDOR

Spokane, Sept. 1.—Private Mike Burbin, of Company I, Nineteenth Infantry stationed at Fort Wright and Lulu Hoffman, a 17 year old girl of Spokane, attempted suicide in the Spokane river yesterday morning by jumping off a bridge after tying their hands together. The cold water soon damped their suicide ardor and the soldier made for the shore dragging the girl. They were rescued by soldiers. Miss Hoffman is said to be the chum of a girl who rejected Burbin's suit and was induced by him to join in a suicide. Burbin is under arrest.

HAY AND BEAUFER OFFEND

Their Notes Inspire Rejection of Canal Treaty

New York, Sept. 1.—Dispatches from a Bogota correspondent assert says a Panama dispatch to the Herald, that the Panama canal treaty was rejected by the senate because of the imperative nature of the notes received from Secretary of State Hay and United States Minister State Hay. These notes, the correspondent declares, were regarded as offensive. The main question now discussed is whether the United States will be willing to enter into negotiations, or will simply let the matter drop and take up the Nicaragua route. Immediately after the treaty was rejected exchange went up to 12,000 percent discount.

FROM GENTILE VIEW POINT

Bureau of Information to Be Established at Salt Lake

Salt Lake City, Utah, September 1.—A Gentile bureau of information is to be established in this city by the Women's Missionary Union and the Utah Ministerial Association. A circular has been sent out explaining its object. For some time the Mormon church has had a bureau of information for the benefit of tourists and it is to furnish these visitors with information from a Gentile point of view that the bureau is to be established. While the estate is not great, there is a large trust fund involved which should pass to Bedford's heirs.

EXCURSIONISTS DO NOT RETURN

New York, Sept. 1.—Marshal Seddons and Charles Hendricks, two young civil engineers, who went on an excursion in a 25-foot yawpka launch from the Brooklyn Yacht Club Sunday expecting to return the same evening, are believed to have lost their lives in the rough sea of that day. Hopes are entertained, however, that the machinery of the launch broke down and that when she drifted to sea in the ebb tide the young men may have been picked up by some outgoing vessel. Seddons is the only son of Marshal L. Seddons, once a prominent turfman of Cincinnati who now resides in New York.

BULGARIAN LOSS ESTIMATED

Salonica, Sept. 1.—According to the latest official Turkish estimate about 1,500 Bulgarians were killed in the recent fight at Smilero, Neveska and Killisura. Turkish losses are not stated. This estimate does not include losses in fighting about August 30th and which continued until yesterday. It is reported that 60 Bulgarians were killed in this two day's battle. Sarafoff the revolutionary leader, left Salonica yesterday.

MINERS GO SOUTH

New York, Sept. 1.—The decision of the coal companies in this vicinity to restrict the production of anthracite and a consequence to suspend work for a time, will result says a dispatch from Pottsville, Pa., in the departure of thousands of miners to the south. One company has engaged 1000 for its operations at Huber, Texas, and many other southern concerns are following suit.

FEW FILE THIS MONTH

New York, Sept. 1.—Few new corporations with a capital of \$1,000,000 or more filed papers in the eastern states in August, which month furnished the small total capitalization of \$72,560,000. With the exception of the same month in 1901, when the total was \$87,400,000 this is the lowest monthly record for a series of years.

MAKES RACE LAUGHING STOCK

Society Calls on President to Cut Out Alabama Man in Future Deliberations

Boston, Sept. 1.—The suffrage league of Boston, a negro organization, tonight adopted resolutions declaring: "Inasmuch as Booker T. Washington has glorified the revised constitution of the South, has minimized the 'Jim Crow' war outrage; has attacked the wisdom of the fourteenth and fifteenth amendments to the constitution; has depreciated the primary importance of the ballot; has preached to colored people of silent submission to intolerable conditions and makes his people by word and deed a laughing stock before the world, he is not a fit leader for the colored race, and no president who recognizes him as a political leader should receive the colored vote of the North. Therefore, since President Roosevelt has given him charge of the appointment of all Negroes of whatever state in the Union, and has made him a Negro adviser as to all policies affecting colored Americans in the interest of our race, we call upon President Roosevelt to dispense with Washington as our political spokesman."
